

PAVEMENT MARKING OBLITERATING - BY BLACK LINE MASK – Item No.

Special Provision No. 710S05

September 2011

Removing and Obliterating Pavement Markings

Amendment to OPSS 710, November 2010

710.07 CONSTRUCTION

710.07.03 Pavement Marking Obliterating

Subsection 710.07.03 of OPSS 710 is amended by the addition of the following:

The black line mask shall be installed and maintained at the locations shown in the contract and shall be removed when no longer required. Removed materials shall be managed in accordance with OPSS 180.

The black line mask shall completely cover the existing pavement markings so that they are not visible to traffic.

Black line mask that fails to perform as required shall be reapplied at no additional cost to the Owner.

Where the existing pavement markings are damaged due to the removal of the black line mask, they shall be repaired or reinstated to the satisfaction of the Owner, in accordance with OPSS 710, at no cost to the Owner.

710.08 QUALITY ASSURANCE

Section 710.08 of OPSS 710 is amended by the addition of the following subsection.

710.08.04 Pavement Marking Obliterating By Black Line Mask

Black line mask shall be reapplied, when required, at no additional cost to the Owner.

If more than 30 cumulative lineal metres per lane kilometre of black line mask fails to perform, the Contractor shall reapply line mask in the failed areas within 48 hours of the occurrence of the failure, at no additional cost to the Owner.

If less than 30 cumulative lineal metres per lane kilometre of black line mask fails to perform, the Contractor shall reapply line mask in the failed areas within 7 calendar days of the occurrence of the failure, at no additional cost to the Owner.

Failure to reapply black line mask within the stipulated timeframes will result in a penalty of \$5,000.00 per day for each calendar day, or part thereof, that the failed line mask remains un-repaired beyond the noted timeframes, including the day of repair if repaired beyond the stipulated timeframes.

The Owner shall be the sole authority in determining the time of occurrence and extent of the failures.

There will be no payment adjustment for black line mask width in excess of 10 cm for single width applications or 20 cm for double applications as indicated elsewhere.

710.09**MEASUREMENT FOR PAYMENT**

Clause 710.09.02.01 of OPSS 710 is amended by the addition of the following:

Pavement Marking Obliterating - By Black Line Mask

Measurement of Pavement Marking Obliterating - By Black Line Mask shall be by Plan Quantity by the length in metres required to cover 10 cm nominal width pavement markings, excluding gaps. The length in metres of black line mask placed, excluding gaps, will be doubled when 20 cm nominal width pavement markings are required to be covered.

710.10**BASIS OF PAYMENT**

Subsection 710.10.01 of OPSS 710 is amended by the addition of the following item:

Pavement Marking Obliterating - By Black Line Mask - Item
